

10-8C-5: LOCATION REQUIREMENTS:

All buildings shall be set back at least sixty five feet (65') from the center of any public road or thirty feet (30') from the easement line, whichever is the greater distance, except that all buildings situated adjacent to a state or federally designated highway (except nonaccess highways) shall be set back at least fifty feet (50') from the right of way line. All buildings shall be set back a minimum of thirty feet (30') from all property lines. (Ord. 2005-02, 4-12-2005)
