Our Legal Appeal Is under review: Fighting for Justice and Truth

Last week my sons and I were being mocked by two DOJ prosecutors and two FDA employees in the unlawful, UNCONSTITUTIONAL so-called "judicial" court trial against us to which we did NOT participate whatsoever to the point of NOT even acknowledging our names! Why? Because we have been demanding our God-given Right to a 7th Amendment "trial by jury" under common law and the one acting as "judge" denied us our Constitutional Right! The verdict of this unlawful trial is now being reviewed by the 11th Circuit Court of Appeals in Atlanta, Georgia. So pray that this Court will recognize that our Constitutional Rights to a 7th Amendment "Trial by Jury" were violated INTENTIONALLY by this CORPORATE ADMINISTRATIVE COURT BY A ADMINISTRATIVE JUDGE NOT OBEYING ARTICLE 6 OF THE CONSTITUTION TO SUPPORT IT BY OATH AND AFFIRMATION! This "inferior" court that railroaded us with this unlawful trial and verdict is just more evidence against the DOJ showing the blatant corruption of these corporate courts and the weaponization of the so-called "judicial" system anyone who lawfully and Constitutionally" opposes any "agency" or the corporate government itself!

One area in which the "witnesses", which are FDA Employees, mentioned a few times to the jury in a sarcastic mocking way that none of us had any medical training and were not Doctors so how could we treat or diagnose any illness correctly, (according to them.) For those that don't know my background as a missionary, I had been helping people medically and working with doctors since the late 80's in Nigeria, Haiti and the

Dominican Republic. I was working in surgery with many different doctors as a surgical assistant for 10 years and even participated in the surgeries, from incisions to suturing. I had a dental chair and had pulled many teeth. I had a full pharmacy in my compound. I was trained to inject meds as well as start an IV and had even intubated many people in surgery! I was definitely being trained by some of the best surgeons in America. After one day of long surgeries the doctors, some medical students and I were talking at dinner, and one of the medical students asked me where I studied medicine and surgery. I told him I have never been to a medical school but was 'just practicing' medicine for the last 20 years with guidance from many different doctors! He responded, wow you sure know a lot for not attending a formal medical school. I told him that it's "hands on" practicing medicine better than learning theory? All those at the table agreed. I didn't tell you that story to impress you but wanted you to know my background was NOT what the persecution or the "witnesses" were trying to portray me as a "snake-oil" salesman. They even used that term during the trial! When I found the CURE for MRSA, (a flesh eating bacterial infection that kills tens of 1000's yearly in America alone), in 2016, and I had tried ALL the latest antibiotics to cure or at least stop the spread of it on my body and all my 8 children! Nothing worked. But when I used Chlorine Dioxide, MMS1, the infection was gone in my body in 2-4 weeks completely and never came back! Then I used it on my children and they were ALL cured of MRSA also! I tried the pharmaceutical drugs first because I had them in my own pharmacy, and were the very expensive ones also. The best of the best! None of them worked which led me to find Chlorine Dioxide or MMS1. And thank God I did! I started to practice Selfcare with newly found formula that were working! I will get into that next week. Right now, I'd like to talk about why I had titled Chapter 7 in Volume 1 of my book "Imagine, a World Without DIS-EASE", 'Don't ask your Doctor about anything in regard to Health or Nutrition'.

Here is a quote from Glenn A. Warner, M.D.:

"We have a multi-billion dollar industry that is killing people right and left just for financial gain. Their idea of research is to see whether two doses of this poison is better than three doses of that poison"

That is a great explanation of "Allopathic" medicine that is taught now in almost 100% of the medical universities in America and 90% of the world! You could ask your doctor about golf, boats, or fishing and probably learn something but when it comes to healing, health and nutrition he doesn't know much at all! I stated in ,Volume one of my book that "after reading this book you'll know more about real health and real nutrition than a doctor does after 12 years of study! Why would I make such a brazen statement as that? Because the medical schools curriculum is basically written by the pharmaceutical industry, so they are nothing more than "legal drug dealers"! The two books they use the most in their "practice" are the "Merck manual" and the PDR, (Physicians Desktop Reference). Both books are written by the Pharmaceutical

Industry are all about drugs, dosing according to symptoms NOT about health or nutrition at all!

Note: Let me say this. If you have an accident GO TO THE EMERGENCY WARD!

Those doctors can save your life, but after that stay away from the hospital unless you need a "needed" surgery or have a baby. Although many children throughout history are born at home! Jesus was born in a filthy stable! To me emergency medical doctors and surgeons are the best body mechanics. They can fix what is broken! Those reasons to me are the only times you need a doctor. The medical industry and the media makes you think that a doctor and the "health care" he is practicing are the ONLY way to be helped if you are you will be chronically sick. I disagree and so does history. The fact is, DOCTORS CANT KNOW WHAT THEY HAVEN'T BEEN TAUGHT! Look at what the so-called Father of Medicine, Hippocrates believed in. The Hippocratic Oath:

1. Do no harm!
2. Never give poisons!

Most modern doctors today cause HARM and give POISONS or TOXINS by pharmaceuticals because they are trained by them!

Hippocrates knew the body can heal itself. He used raw milk, apple cider vinegar and fasts in the majority of his treatments. See Isaiah 58 in the Bible about fasting and it's benefits. Just about everywhere you hear or read that if you have a physical problem then ASK YOUR DOCTOR and he or she can tell you what to do. That might not be the best advice especially if you understand what we are finding that "iatrogenic" is the number 3 killer in the US now and some say number 1!

What is "iatrogenic"?

Iatrogenic: Resulting from the activity of physicians; said of any adverse condition in a patient resulting from treatment by a physician or surgeon. An "iatrogenic disorder" is a condition that is cause by medical personnel or procedures that develops through exposure to the environment of health care induced unintentionally in a patient by a physician. Arnold Seymour Relman, the former editor-in-chief of the New England Medical Journal and professor of medicine of Harvard University, once stated:

"The Medical profession is being bought by the pharmaceutical industry, not only in terms of PRACTICE OF MEDICINE, but also in terms of TEACHING AND RESEARCH. The academic institutions of this country are allowing themselves to be paid agents of the pharmaceutical industry. I think it's disgraceful." (emphasis mine)

NOTE: I could add the FDA and it is more then "disgraceful" BUT PURE EVIL BECAUSE THEY KNOW WHAT THESE TOXINS ARE DOING TO PEOPLE AND ARE STILL APPROVING THEM FOR SALE!

Dr. Peter Gotzsche, co-founder of the Cochrane Collaboration (the world's foremost body in assessing medical evidence) hopes to make clear this very problem.

If a Jumbo Jet crashed and killed 280 people everyday.... 365 days a year.. year after year... would you be concerned about flying? Would you question the Federal Aviation Administration? Would you demand answers?

"The USA doesn't have a health care system. It has a disease management system. There is no profit in healthy people for the American medical mafia," Imagine, A World Without DIS-EASE" volume 3 page 302

I want to appeal to your logic here. If there was a "study" that showed that a certain system has failed miserably to the point of killing the very people they are saying they protect, would there be any reason to continue this system? Wouldn't it be logical to shut it down immediately? Well, the good news is there is a worldwide study for all to see and that it has results from 100+ years of pharmaceutical controlled medical system IMPOSED on the people worldwide!

This 100+ year "observation and repeatability" i.e. Real Science has PROVEN without a shadow of a doubt that the Allopathic method of health care based on (poisons, toxins and chemicals) has failed miserably for all to see! The very developers of this "healthcare" system have "experimented" on the people of England, Germany, US, Canada, New Zealand, Australia and much of Europe, Asia and South America ,etc... The World is now receiving data and every continent has been affected! The Statistics are there, and it is most likely worse than they have admitted due to the same people controlled the "Peer Reviewed" studies as well as the media coverage. Lets see how the "Medical Industry" has done!

So after 100+ years of the Pharmaceutical/Medical Industries' control of "health", the world is now experiencing epidemics of cancer, diabetes, high blood pressure, heart problems, autism, auto-immune illnesses and MANY OTHER PREVIOUSLY UNKNOWN ILLNESSES BEFORE THE 1900s!

In conclusion: Isn't the results telling us this system is NOT ONLY UNNATURAL but is making the world sicker and sicker as the body is becoming TOXIC and DIS-EASED WORLDWIDE!

In my next newsletter, I will cover the natural benefits of The Genesis II Church of Health and Healing Self-Care system! You decide if it is better than the Medical system we are all being forced into by programming in education, the media and families. Those that choose a natural way or an alternative way to deal with illness are mocked when they choose to take control of their own health and NOT rely on pharmaceutical-trained doctors!
