Mark Grenon's URGENT Update: Surgery Successful!

Dear Friends,

We are relieved and grateful to share with you that Mark Grenon's surgery was a success, and he is currently recovering in the hospital. After facing the diagnosis of atrial fibrillation (AFIB) and undergoing an open-heart operation for the replacement of the aortic valve, Mark is now on the path to recovery. We extend our deepest gratitude to all who joined us in prayer and support during this challenging time.

As we approach the first week of March, we anticipate another significant event: Mark's release from prison. After his recovery, he will be transitioning either back to Miami Federal Detention Center (FDC) or home, depending on the authorities' decision. Your continued prayers and well wishes are invaluable as he navigates this transition and continues his journey toward full health.

We want to express our sincere appreciation for the outpouring of love and support we've received from all corners. Your compassion has been a source of strength for Mark and his loved ones during this journey.

Lastly, we kindly remind those who may not share our beliefs to refrain from sending insulting messages. Your understanding and respect for our faith during this difficult time are deeply appreciated.

Thank you once again for your unwavering support and prayers. Together, we remain hopeful for Mark's complete recovery and smooth transition.
