The Illuminati Formula to Create an Undetectable Total Mind Control Slave

CHAPTER 11 INTERNAL CONTROLS

A - TEACHING OCCULT PHILOSOPHIES

Learning plays an important part in perception. The Programmers try to get their victims to subscribe to philosophies and ideas that will make it hard for them to rebel against their controllers. This is what is termed indoctrination. The same methods of teaching that others find useful are employed. Ways of thinking are incorporated by the slave via handlers, programmers, and the cult they belong to. Everyone tries in their own way to make sense of life. This is a natural brain function, so that the human mind can understand how to deal with the future. The mind takes raw data, and then applies some type of logic, and comes to conclusions. Once accepted, these conclusions can be as hard as nails, and they will defy any attempt to change them, even in the light of new evidence. If the Programmer is smart enough, he can get an alter to logically believe anything. Once the belief is embedded, it will remain there tenaciously. In the Illuminati, 'great" masters and adepts teach "hidden mysteries". The slave feels the authority that emanates from this teacher with special gifts and abilities.

The slave is hardly in a position to question the teachings being given from on high. Circular reasoning, lies, and other tricks are used to convince the person that the occult world is true. For instance, "God abandoned you, therefore you need to cling to us, the only ones who would see any use in you." (The truth is that the cult staged a crisis where their actor playing God abandoned the child to the cult's abusiveness. The whole event was simply cult abuse--with God taking the blame.) "We are trying to fashion a better man, a man with far more capabilities than before, with better genetics. Those who oppose us, are trying to keep humankind back in the dark ages." This is circular reasoning and outright lies. (They are not interested in helping mankind, only destroying it.) To make occult philosophies more palatable, the occult world attacks the character of anyone whose life would dispute their false claims. They also use a great deal of rationalization, where the end justifies the means. Many slaves have had to sit and listen to their masters rationalize their brutality. Within the Illuminati, ranks are achieved with much learning and ritual.

Within the Temple of Set, a member is required to read certain books. Fritz, the co-

author has a list of books a Temple of Set member is asked to read, with the comments attached by the Temple of Set to each suggested title. In their suggested/required reading Category 19 entitled "The Metamind" is *Metropolis* by Thea von Harbou. Their comments are "An Expressionistic portrait of a negative utopia in which humans are controlled by machines.. .the basis for many electronic/audio-visual ritual techniques employed by the Church of Satan and further developed by the Temple of Set." (p. C21-2) Another is *Physical Control of the Mind: Towards a Psychocivilized Society* by Jose M.R. Delgado. Their comments, "Delgado, Professor of Physiology at Yale University, is one of the most distinguished authorities in the field of Electrical/chemical Stimulation of the Brain (ESB). This book is necessarily dated, but it is so well-written that it deserves to be perused as a preface to more recent works on the subject." (p.C-16?-2) *The Psychology of Anomalous Experience* by Graham Reed. Their comments, "This book addresses unusual, irregular, and puzzling experiences- deja'vu, illusions, delusions, hallucinations, etc.-in terms of the mind's normal psychological processes of gathering, monitoring, processing, and storing information." (ibid.)

This is just a brief look to illustrate to the reader that leaders of groups like the Temple of Set are avid students of mind-control. (An almost complete membership list of this group at one point in time, is provided in Appendix A.) The librarian of the Multnomah County Detention Ctr. shared with co-author Fritz that **Sheila**, formerly second-in-command of the **Bhagwan Shree Rajneesh's** commune at Antelope, OR studied, via jail/prison interlibrary loan, books on Hitler's mind-control techniques. Many other examples could be given of how mind-control is being studied and taught by these groups.

One more book on the Temple of Set's reading list would be worthy to point out, *The Psychology of Man's Possible Evolution* by Peter D. Ouspensky. Their comments, "Should be read especially by those members whose magical ability is hampered by flaws in their balance factor....A series of lectures which explain the Gurdjieff approach to the concept better than G. himself was able to do." There is an important link between Gurdjieff, mind-control, MPD, etc. but the subject is big and needs to be further investigated. Co-author Fritz has been investigating this link, including talking with leaders of the most successful Gurdjieff commune. As with so many groups, what you see, is not what you get.

TEACHING THE IDEOLOGIES OF WAR
One of the ways to control a person is to get them angry and then channel that hate. Wars have been used for centuries by the oligarchies that run things to control their people. Right now, the New World Order is carrying out a Drug War, an Environmental War, and a Bosnian conflict for the express purpose in their own plans to control us. They have a **mock-alien invasion planned** to further justify more control over our lives. Over the years, mankind has created an entire industry around warfare. There are long traditions within military units, that for some reason must be "upheld" by the men who serve in those units. When people buy into the philosophies of war, they can generally be persuaded to give up or do anything to contribute to that war. After all, any sacrifice will be minor compare to the large numbers of bodies that will end up dead. One of the large purposes of the Monarch type of trauma-based mind-control is to produce robotic soldiers who will do anything. Normal military training is usually sufficient for most military needs, so it is clear that Monarch slaves have some ulterior uses that the military doesn't want the public to know about.

VARIOUS DELTA FORCES
The military as well as other groups have created numerous delta teams, delta forces, delta groups etc.

DELTA ASSASSINATION TEAMS
These teams are projects that the Satanic Hierarchy and the CIA collaborated

together on. The programming that was placed into people was ingenious and very complex. As the program progressed over the years, the programming became more sophisticated and past mistakes were improved upon. The Delta Teams were programmed to carry out various assignments such as political assassinations. <u>The members of these teams are housewives and other ordinary people who were programmed years ago</u>. The Delta Teams are part of the CIA's psychic warfare bag of tricks. The CIA works so closely with the military that the Delta Force is easily expected to be tied in with the CIA & U.S. intelligence.

DELTA FORCE

The system tapped **Frank Burns** to create the Delta Force. Frank Burns was a Green Beret. What kind of things did Frank get involved with AFTER joining the military? Hold on. Frank Burns was an SDS (**Students for a Democratic Society**--an Illuminati organization) organizer. He was also deep into Zen Buddhism, which is the same as mysticism. Frank Burns as an officer also studied under the **Esalen Institute**. The Esalen Institute is at Big Sur, California and is the American equivalent of the infamous Tavistock Institute. The Esalen Institute created "sensitivity training" programs for the business world under the title "Organizational Development (OD). Esalen people were brought in to Fort Ord where Frank Burns was the commander and began training people. The army promoted Burns to work in the Chief of Staffs office as an "senior organizational effectiveness consultant", which allowed Burns to introduce Esalen programs all through the army. This could not have accidently happened. Frank Burns in a conversation with a two-star General about the need for "wholistic" soldiers coined the slogan "**Be all that you can be in the army.**" Burns phraseology began the army's recruiting slogan. It refers to the Human Potential Movement that the army has incorporated from the New Age movement. <u>The army is moving toward becoming an occult fighting force that practices witchcraft with its warfare</u>. Some of the units moving that direction are Psy-Op operations, which has included Satanists within its officers. The Delta Force network of various <u>Generals and other high ranking officers is merely one facet of the drive by the Illuminati to transform the American army into something akin to occultic warriors that will be as fierce as the Nazi Death head units</u>. Bear in mind that George Bush, commander-in-chief of Burn's Armed Forces has come from an Illuminati family/ & the Ill. Skull & Bones chapter that was part of the secret support for Hitler. They have been using as an insignia that they themselves (the Skull & Boners) call "the Death Head". It is not surprising then that support for the Delta Team activities has come from the very top. Frank Burns set out to create a warrior monk. **Lt. Col. Jim Channon**, in Delta Forces, also put forward the idea. Channon visited more than 130 New Age groups in California doing what was called "social experimentation." It is an idea that the occult have repeatedly carried out. Hitler's S.S. were an special elite group of warrior monks from which about 3,000 went through religious initiations. (As the war progressed the primary focus of the S.S. shifted from being the Black Order to merely being a reliable military group called the Waffen SS.) There were 3 levels of initiation, the last reserved for the hard-core Satanists at the top. The Nazi initiation seems to have been an attempt to get the force of the Vril. The Ordensburgen (Castles of the Order) were training centers for the elite Nazis, including the S.S. (Having been in the military, I know first hand that the success of the S.S. and Waffen S.S. units in being fierce warriors is attributed by some of our leading military men to their training to be warrior-monks.) One group of the S.S. called **Knights of Poseidon** volunteered themselves for castration, in an experiment to change them back to the supermen of the mythical and magical Hyperborea. Some of the best Sufi organizations were warrior monks. Burns and his Task Force Delta generated the **First Earth Battalion**, which is an **occult military unit** trained in martial arts, and witchcraft. Men who are selected for First Earth Battalion are given an occult initiation which includes the following oath:

> *"I have the capacity and therefore the duty to contribute to the*

development of myself, my associates, and our planet, simultaneously now! I take personal responsibility for generating evolutionary conspiracies as a regular part of my work. I will select and create conspiratorial mechanisms that are not costly in time or resources because I am aware of the five channels available to me (such as radio, television, and word of mouth.) I will organize a self-supporting high commando group that will create and perform evolutionary breakthrough actions on behalf of people and planet. One people, one planet. I will then pass this concept on to others who are capable of generating further self-organizing commando teams."

What ever happened to defending this nation? Military units such as the First Earth Battalion although they are supported by American tax dollars are not here to protect America. They are global minded. <u>They are here to protect an occult world government</u>. They are out there actively promoting the New World Order. Several years ago, Egendorf states that $4.5 million (which came from you and I, and other Americans) had already been spent on Delta Force's 80 different projects. The **Green Berets** <u>is another organization that has been heavily targeted by the Satanists, to indoctrinate and recruit</u>. The Green Berets are increasingly moving toward being warrior-monk group. Many of them are now programmed multiples.

One man who is being looked up to by many American Patriots and Christian Patriots as the leader to help them oppose the New World Order is **Bo Gritz**. He was a recent presidential candidate. **Bo Gritz was a Green Beret and a Delta Force commander**. Bo Gritz is very proud of the fact that he wrote the manual for the Delta Forces. **He also worked for the CIA**. <u>Bo Gritz is one of the military's best programmed multiples, and perhaps one of the most dangerous</u>. Insiders have told me he IS the most dangerous. Numerous insiders both for and against Bo, have talked about Bo Gritz, and that he is a programmed multiple.

According to Bo Gritz's campaign literature for President he was a commander in Delta Forces. Reproduced on a previous page is Bo's own presidential campaign literature where he states that he is "Intelligence Officer & Reconnaissance Chief, Delta Force." He is also "Chief, Special Activities, U.S. Army General Staff, the Pentagon" and "Principle Agent, National Security Council, Intelligence Support Activity". Under qualifications Bo states that he is a "Security & Counter-terrorist Specialist." Within the government, they are already referring to Christians who are against the NWO as terrorists. Bo is their greatest counter-intelligence counter-terrorist they have. He came in like a storm and took control of the Patriot movement, and it has been like pulling teeth to warn patriots about who he is.

Bo Gritz himself was a Green Beret, and was used to assassinate 300 people. His blood lust caused him at one point during the Vietnam War to shoot 30 prisoners in cold blood. I also heard Bo talk about say being Temple recommend Mormon. That means he was at that time in good standing with the LDS [Later Day Saints] Mormon church so that he could go to the Temple and participate in its rituals. Those who are alert realize that the temple rituals are like Masonic and Witchcraft rituals. Now he is no longer a Mormon, but he still continues in the military philosophy he believes in. Bo Gritz is going around the nation teaching SPIKE training to anyone who wants martial arts skills. <u>Bo has done an excellent job in identifying for the New World Order every person in the nation who could threaten their plans for a martial law NWO takeover.</u>

Bo Gritz likes to call attention that he is one of this country's foremost counter-terrorist agents. This is true. The New World Order believes patriots and Christians are terrorists, because they stand in the way of the world's acceptance of their world dictator. <u>Bo Gritz has done a great deal to infiltrate and neutralize the opposition to the New World Order.</u> He has been their best counter-terrorist agent.

B - INTERNAL COMPUTERS
PERFECT DELEGATION; INTERNAL COMPUTERS WHICH AUTO-CONTROL A SLAVE

If a master has to constantly spend time whipping and motivating his slave, as well as forever watching that the slave doesn't escape or do shoddy work, or physically or verbally injure the master, then controlling the slave can end up to be a full time job. When the master gets too much involved in the control process, he ceases to be master, and becomes a slave to the control process. The intelligence agencies knew that they would have to create mind control slaves who could police themselves. If the master has to constantly guard his slave, the slave will be more trouble than he is worth. Many successful people have gained their success because they knew how to delegate. The most successful supervisor is the one who can delegate the best. The programmers had to find ways to cut their supervisory requirements to the bone if they were to make owning a Monarch slave worthwhile. The method chosen was to build "computers" into the slave's mind that would internally regulate everything.

They do this by taking hundreds of the alters and dehumanizing them and turning them into parts of a computer. For instance, the shutter on the All-seeing eye of the computer, which is seen in the mind like a camera shutter, is a child alter who job is to open and shut. (Another primal part is inside the eye's pupil.) This shutter part knows what goes on in all the system subconsciously but if discovered by a therapist and pulled to the front of the mind will not be able to vocalize about the system. The software for this "computer" could be programmed into it, and all the individual programming of every alter can then be tied back to the computer. In other words, each alter would be programmed on how to view life, to act, to think, and to function in their job. This programming would be linked to a computer. The programmers invented the perfect method to decentralize their control over their slaves and yet still supervise with the tightest of control.

Each alter is linked to a computer (internal-not an external one) built from a foundation of fear and trauma. Since each section of alters was to remain secret, each section of alters for a slave is given its own computer, and then linking computers were built to link the various sections, and then finally a major backup computer is built, and then finally the internal Beast computer. Bear in mind that this is all built internally in the mind of the victim. We are not talking about actual physical computers built out of physical microchips, wires, condensers etc. If the programmer concentrates on a single point when giving instructions he will get better results. Rather than complicating things for the slave, you gain power over the slave (and any subordinate) if you can give simple clear instructions. For this reason, a large share of the alters in an alter system are given very clear straight forward jobs.

Because their jobs are so straightforward, these alters will often remain fragments, rather than alter parts with full blown personalities. The programmers don't cloud the issue. An undeveloped alter will be given one single clear, basic job. By stringing 1,000's of alters together with single tasks, a highly sensitive system of alters can be created. Each piece of the System is separated by some degree of dissociation to make it a separate piece. By dividing the mind so much, it is incapable of fighting what has been done to itself. Before we begin describing the technical details of an internal computer, bear in mind that every Monarch System is unique and yet they all follow certain patterns & methodologies. Most of the models for the first few decades follow these patterns, some of the newer ones have more updated imagery.

POWER SOURCES
In an Illuminati System, a computer is created for each section of alters. That computer will be given a "power source", which if unscrewed like a light bulb will go

out. The light from one of these power sources might be emerald blue or emerald green or other color. The reader may want to refer to Chapter 4 for the codes to understand the structuring of the various computers and systems.

COLOR CODES & RIBBONS
In a standard 13x13x13 Illuminati alter system, 13 colors were used, and each computer was given a color. These would be pink, orange, yellow, white, red, brown, blue, green, black, purple, silver, gold and platinum, and clear. Color programming is reported to have been developed at **UCLA**. Whatever the case, Systems all over the United States have color programming. The hierarchy of colors in a System is often as follows (from top power down): Platinum, Gold, Silver, Purple, Black, Red, Green, Brown, White, Orange, Yellow, Pink. Clear is also used as a color for secret areas of the system. This hierarchy of color coding can be switched. The internal programmers can reassign colors if they need to, in order to protect the programming. Alters, sections, and parts of the computer are all color coded. The color coding for alters is not the same just because the alters are in the same section. The color coding within the Illuminati Mind Control is fairly consistent, however a sample of an alternative Illuminati color scheme will also be provided.

A survey of colors is as follows:

CLEAR. Secret or shell alters who can take on any color are coded clear. These are alters who serve as images or as a stage for other alters. This would include "Guardian of the Vail" alters.

GOLD. This color is for the supreme leadership in the System, which includes the Grand Druid Council.

SILVER. This color is for the Satanic alters who perform high level Satanic rituals. The Mothers of Darkness have silver coding.

PURPLE. These alters see themselves as the abusers, rather than the Illuminati. These alters were involved with the programming. They have been taught to forget the abuse and to reframe it in their mind as training.

BLACK. These alters were born out of Satanic ritual, and are Moon children. The Delta and Beta alters are black coded. They do the dirty work for the cult, such as blackmail and assassination.

RED. These altars see themselves as witches. They were born out of witchcraft ritual, believe they have great spiritual power, and tend to deny that they have been abused.

GREEN or EMERALD GREEN. These cat altars recognize they have been abused. They still see themselves as belonging to the cult family, and deny that they have been abused to protect their cult family.

BLUE ALTERS. Clones, armies and the ribbons appear to have blue coding. These alters will go so far as to hurt the body to protect it from leaking information or deprogramming.

WHITE. 'These are Atlantean alters who have been given Aryan type racial nonsense to think they are superior. They believe in genetic engineering, and a master race.

ORANGE. These special protector alters are scouts who warn of danger from internal or external threats.

YELLOW. These are the strong Christian alters of which there will only be a few in the System. They help serve as a balancing point to control the

System as well as to hide what the System is all about.

PINK. These are core related alters. They maintain the true feelings of the true self apart from the cult programming and the cult family's programming. These alters are viewed as weak because they are emotional and often break down and weep. They are fragile emotionally.

An alternative color scheme that is used:

DARK EMERALD GREEN. This color is assigned to the AntiChrist-Satan alter(s). Green is the occult color for Satan and happens to be the most sacred color. Few people outside of Satanists know that Green is more sacred for them than any other color.

LIGHT GREEN. The gods and goddess alters which are triads which function in

Illuminati ceremonies get this color coding.

WHITE. The internal programmers who come around in white robes get this color assigned to them, as if they are doctors or angels of light.

RED. Sexual alters are given the natural color of sex and arousal red.

BLACK. Connecting alters that are Nexus alters between various system parts.

PINK. Reporting alters.

DARK BLUE. Non hierarchy cult alters.

LIGHT BLUE. Alters in charge of the way the system runs, such as the judges.

YELLOW. Alters which are ritually and sexually twinned with alters of other systems.

ORANGE. Guard alters which are heavily programmed for obedience.

VIOLET-PURPLE. Front alters and small child alters placed into boxes.

CLEAR. Shell alters to deceive the outside world.

GOLD. The traumatized alters upon which the programming is built on.

Joseph Mengele and the programmers who worked with and under him, used a large dollhouse with 26 rooms. Each of the rooms were painted with one of the **13 different colors** in order to build into the child's mind, the 13 front and the 13 back computers. The internal computers worked off of color codes, as well as other codes. A dollhouse was used to instill into the child's minds the compartments of the computer. Each room was done up in a different color. One particular room was a secret room, and this represents the secret world of **Petra** which is hidden behind two large rocks. This secret world is coded the color clear. Besides the special color clear, the following colors appear in the system: Gold, Silver, Purple, Black, Red, Green, Blue, Brown, White, Orange, Yellow, and Pink. Each color has meaning and a rank. Just as the hour glasses could be turned, the color coding can be switched in rank. This is why in some systems there is a "Computer Operator Black", a "Computer Operator Green", and a "Computer Operator Purple", etc. During the programming a black box with needles and wires which attach to the body for electroshock is used. While electro shocking the victim, **colored scarfs** coming out of a box are shown to the child.

The scarfs would help form the imagery needed to build **colored ribbons internally**. Alters would be created using the *Tall Book of Make Believe* story of the Pancake people. Using this as a base or foundation, the alters would then be dehumanized one step further into thinking they were ribbons--such as ticker tape, which could transmit information from one computer to another area of the mind. The Ribbons had the ability to travel between the different levels and to transmit messages through the System, especially to the computers. It is believed they could do this because they were spirit. When a System is accessed by a programmer, one procedure is to obtain a Ribbon alter and then inform the Ribbon what he wants. The ribbons transmit messages to the internal computers. The ribbons on older systems use morse code. Who are the Ribbons? The Ribbons are the beginning of the Luciferian alter-like demons and alters. They are primarily the message bearers from the computers to the different computers, levels and alters. The Ribbons might have angelic names (Michael, Gabriel, etc.). The word angel means messenger. The ribbons serve a very similar function. They transmit ticker tape with morse code messages. They are at work most of the time for a System.

A sample cover story for what they guard--which is the main computer with the gems and the core, is that the ribbons guard the System's "**Garden of Eden**". Some more of the cover story that may be given is this: Ribbons were supposedly formed out of the dust of the ground and were placed in the Garden of Eden to create every pleasant tree. (See Genesis 1.) The ribbons relate to the Tree of Life. But to eat of the Tree of Knowledge of Good and Evil will cause death. The name of the first river of four in the garden is Pashon. Out of the first river come four heads. The River Pashon has gold, ballium, onyx, rubies, diamonds and precious stones. These gems are the programs the dwarfs mine. If the System has charismatic programming, the alters will have porcelain face programming. In this case each ribbon's color will match the color of the stones in the masks--that is yellow, white, blue, green, purple, red and black. The colors of the ribbons correlate or match the colors of the Dollhouse rooms. What do ribbons do? The Ribbons serve the programmers and the computers, who in turn serve the evil master Spirits. Things that the Ribbons do for the computers have been identified as follows:

> a. The Ribbons eat from the system's internal "Tree of Good and Evil".,

> b. Ribbon programming consists of several things--where they reside, who they are and what they are to protect.,

> c. Ribbons must protect the computers in order to protect their own life. The Ribbons will be programmed to believe that reversing the computer will reverse the Ribbons' life. The ribbons themselves operate with mechanical hearts (not human hearts). The cover stories may include the following: All Ribbons are hid behind a little girl, who is a front for them & who tells the creation story. The little girl will tell the creation story which included the Ribbons. Behind her runs a silver cord. The silver cord has to do with heart programming. The silver cord has 3 strands that cannot be broken as per ECL 4:12. This silver cord goes off if the Ribbons are touched. Ribbons are set up so that suicide programming is triggered if they are cut. Actually, french braiding conceals a 4th strand.

In review as stated, during the programming, a box with colored scarfs was shown the child while severe electro-shock was given to the body. A colored scarf represents a ribbon which runs a message from a colored room to a similar colored alter. In a System which is structured into families and cities and worlds and sections, these "geographically different" structures in the mind of the victim can be connected via the color coding. In other words, the alters are structured into a 3-D cube structure. Then a fourth dimension (the color coding) is added to tie in all of the three dimensions.

A central computer was placed in at the bottom of the mind. Using various techniques the victim is brought to the deepest altered state possible, and a computer is built into the mind via hypnosis and alters. This can be done by freezing the entire body and just keeping the head active. Or it can be done by bringing the body to a comatose state where the heart is beating faintly. This step can only be done under the strictest medical supervision. The memory storage area for the computers include the **Emerald City Library** (staying with the Wizard of Oz theme) which contains alters who only function is to memorize & retain with photographic memories, pages and pages of information. The layout with codes of the entire system can be stored in a storage bank, so the programmer could access this area if his own records were lost. The libraries contain the historical genealogies of satanic iniquity from early ancient times to present. This ancient occult information has been reported by at least half a dozen Illuminati slaves as being retained internally by demons.

HOW MONARCH SLAVES ARE BEING DESIGNED TO INTERFACE WITH THE UNIX SYSTEM OF THE BEAST COMPUTERS

In line with what is being done by the Illuminati around the world with their network of computers--the computers have access codes similar to 666 666 666, and back out and close down codes similar to 999 999 999. These are the codes that the UNIX universal system uses, and the Monarch slaves are being created with codes that interface with the UNIX system for computers. (On some systems if the computer is shutdown it will request an input code of 666fff666fff666fff666...This can then be reversed F6F6F6F6F6F6F6F6F6F6.) The UNIX system is being used to allow the New World Order's big BEAST computers to communicate with any known computer, including the minds of their Monarch mind-controlled slaves. In the 1960s, the U.S. Department of Defense began linking computers together into a superhighway now developed into the **Internet**.

Hundreds of thousands of computers around the world are tied in. Like buildings in a city, each computer has its own unique address. Most of these addresses are registered at the Network Information Center in Menlo Park, CA. Individuals can also be registered at the NIC too. The U.S. Military links into the system with their Arpanet and Milnet networks, which tie together such divergent things as MIT computers, West Point computers, NORAD computers, Alr Force Systems Command Space Division computers at El Segundo, CA and U.S. Army DARCOM at Seckenheim, Ger. (to name a few). These are all being tied together to form one vast electronic brain. There are **nine secret BEAST computers** of the New World Order, at the time this was written. "**Big Bertha**" is the nickname of the BEAST computer located at the secret military installation called Dreamland at the secret Groom Lake, NV test site facility. Papoose Lake is referred to as S-4.

The other super-secret facilities in the area are named S-2, S-6, and S-66. This area has become the Illuminati's prime programming facility for turning out Monarch slaves, and the Monarch slaves which are turned out from this area have turned out to be the worst basket cases. In other words, the programming is very severe which is carried out in this area. This area has also been used for the space program, for the U-2 & SR-71, for the CIA's A-12 spy plane, for the Stealth fighters (Lockheed F-1 17A Attack plane) and bombers, the Aurora, and for the U.S. government's "Above Top Secret" flying saucers. The Big Bertha computer (named after the Illuminati Mother-of-Darkness **Bertha Krupp**) can be talked to in half a dozen languages and will answer a person back in the language they speak.

On a daily basis, airplanes fly into the Groom Lake facility. The callname of flights bringing workers and people go by the call name "Janet". About 12 Janet flights come into the facility everyday. These flights are usually Boeing 737s and arrive from places like a secure terminal run by EG&G at McCarran Alrport in Las Vegas

and from the military's Palmdale, CA facility. These 737s are unmarked except for a red stripe running down the fuselage. Large military C-130 arrive with cargo, and Illuminati dignitaries arrive in smaller twin-engine craft. Victims for the programming are brought in via planes, & other routes.

One of the BEAST computers occupies three floors of the headquarters of the European Economic Community building in Brussels, not far from the important Illuminati Mother-of-Darkness worldwide headquarters castle near the France-Belgium border near **Muno, Belgium**. Another BEAST computer is in **Luxembourg**. In observing the operations of the Illuminati, it has been seen that telephone area codes are used as part of a mind-controlled slave's code. We do not understand everything about their codes, but it does tie in with other things that are happening. Every person in the world has been assigned an 18 digit tracking number, which consists of 3 groups of 6 numbers. The first 3 numbers assigned in the BEAST computer to everyone are 666. The next is one's national code. The U.S. national code is 110. Then the next 3 numbers are you telephone area code, and then finally your 9 digit Social Security number. The code then is 666 + Nation code + Tel. area code + social security no. = BEAST I.D. no. for an individual. According to Dwight Kinman's book *The World's Last Dictator*, 2nd ed., (Woodburn, OR: Solid Rock Books, p. 256) VISA has already begun issuing VISA cards using the BEAST 18 digit number.

When an American makes a bank transaction on an autoteller within a matter of seconds, the BEAST has been informed of the activity. These computers use UNIX. The particular programs for the economic transactions just described are a worldwide computer network called SWIFT (Society For Worldwide Interbank Financial Transactions). The SWIFT works off of the UNIX system and can communicate with any computer. It was developed by AT&T and uses C language. (Bear in mind that there are dialects of UNIX, such as the standard AT&T UNIX and for instance Berkeley UNIX. The UNIX system uses both timesharing and multitasking. The mind of a Monarch slave also does both multitasking and time sharing. One of the nice UNIX features, is "protected memory", which is also part of the Monarch programming. A **kernal** is what the UNIX programmers call a "protected person". It is very similar to the internal "person" (alter) who helps the Monarch slave's programming functions. The big item about UNIX is that it has permissions granted. This is similar to the Monarch programming. Permissions are granted to 3 types of entities. The Top Programmer or "god" as he is called, of the UNIX System receives what is called the individual permission.

The next permission is called group permission, and it is given to insiders who work with the system. The final permission type is the world, which has very limited access. The parallel between this and the Monarch programming is surprising. In some cases the programmers may have matched things on a one-to-one correspondence. The Monarch program also has a Top Programmer who is called "god" to the System. He has total control over the system. His programming permissions can not be deprogrammed out by others who might want to usurp his power. Hidden from the casual user of the UNIX system are the Daemons and Demons. The UNIX programmers decided to use the old english spelling for demon = Daemon. These are computer processes which work secretly behind the scenes and are given actual demonic names--some corresponding to actual names of historically known demons, such as *Asmodeus*. Asmodeus is also a demon which is placed into many Monarch slaves. In the UNIX system these demons are treated like persons in the computer's user director. Demons in the computer system do not have to log onto the computer, but they work behind the scenes and are given the same powers that people users are given.

They are set up in the same structure as how the computer treats people. Permission in the UNIX system is granted using an 8 bit count with 0 through 7. The

three kinds of permission are the read, write, and execute permissions. If no permission were granted in any way the UNIX system would indicate" "on the screen which means 000000 000 or nine 0's. The super user called god is given the code 777 which means super user. However, the permission of 666 gives the user the power to everything the 777 permission gives, except that the 777 permission allows the god the master programmer) to execute not executable programs. The Postmaster Demon is the head demon, and his permission level in UNIX is 666. (In the Monarch Programming "Mr. Postman" is a code word used internationally.) The most important part of the BEAST system is its communication power. The Electronic Mail System of the BEAST allows it to communicate worldwide, and along with electronic mail comes levels of permission to view or work with the electronic mail. The super user (god) is called Root. A programmer on the Beast must get permission. His program must get permission. That program that gives permission must also get permission. In other words, there are levels of permission that must be gone through.

This is similar to the Monarch program. For instance, the alters personalities which would control the body during Illuminati gatherings have very tight access permission. It is very hard to access these hierarchy personalities. Both the UNIX system (and the Monarch programming) creates "children" by "spinning". The "child" spins off. When the "child" is finished it is "killed" in UNIX lingo. When the programmers created child processes in the computer, they were having problems with the child processes killing the parent processes. The same type of problems have had to be dealt with in the Monarch programming. The initial programmer is often the biological parent of the child, and this parent is very responsible for extreme tortures being applied to the child who is being programmed--not to mention all of the expendible children, who are killed in front of the child to highlight the reality of the trauma. The natural reaction of the child being created is to hate the programmer. Naturally, the Monarch programming had to overcome that natural tendency, which it does very successfully. The UNIX system uses an internal clock within its computer system. The UNIX clock is called CRON. CRON checks files to see if the programmer has put in any files to run.

The UNIX system uses data bus lines, which are like the Monarch programming ribbons, which go through the system. These ribbons or data bus lines take information and commands from the computers to other computers. Within the UNIX system, insiders have revealed that the Daemon (Demon) processes of all the UNIX systems have a security flaw. That flaw is that the Postmaster Daemon has access to them in spite of who the god is of that particular UNIX computer system. So while owners, who purchase UNIX systems think that they have exclusive control over their system, an external Postmaster Daemon coming from the Beast could use its permission levels to over ride the power of the local owner of the system. The Monarch system has a similar feature, the Illuminati programmers know how to access the base or primal anchors to the programming and yank out any programming they want. All the slaves of these lesser groups such as the CIA, Church of Satan, Mafia, etc. can all be reprogrammed rather quickly to serve the Illuminati, if they are not already due to the Illuminati programmers extra knowledge on how to get into the base programming. In these many ways, the UNIX system serves both real computers and also for the internal computers of some slaves' mind.

The slave's system becomes a computer system. It functions as a series of computers that are connected to the master computer which is sunk into the mind at the lowest hypnotic level, which is a level often placed even below an internal "hell pit". To access the different computers, combinations of cards were used for the codes (numbers are also used. See Chapter 4.). Various parts of a Monarch system correspond to what any computer would have. A microprocessor register has 3

sections on a computer to make it functional. In Monarch Systems, you would find these 3 represented by

1. stored data in the library and alters with photographic memories,

2. an instruction section with codes, and

3. stacking mechanisms.

Linked to all this were a crystal, clock, hour glasses, a compass and an entire demonic command structure. The eye in front of the big computer will be protected by legions of spirits. The front big computer runs front quadrants and the back computer runs the deeper quadrants. The software so to speak for the Omega programming (computer) may be set up to include a stacking program called the Potter's Wheel. The Potter's Wheel is a misuse of the Bible, and is a type of programming that the Charismatic/pentecostal movement carries out. The Mormons and the Catholics have their own distinctive "software" programs. An initial stacking mechanism would work by telling alters to "Stand in Order according to rank and serial no." Another code along with a hand signal would place the Gatekeeper alters up on the Potter's wheel for their "creator" to work on them. A group of alters could be taught to go up on their Potter's wheel by seeing a pattern of dominoes. It is whatever the programmer decides.

The dominoes were used for coding, but they also had the programming feature of being able to tie alters together so that if the System is tampered with out of sequence, a domino effect would take place. This domino effect is for one program to set off another program to set off another program. Soon the Monarch slave's mind is trying to deal with dozens of suicide programs running simultaneously, along with perhaps other programs such as scrambling programs. For instance, one story line used is the mice run up and down and open up new levels of programming and are tied to the pendulum/clock mechanism. The mice can activate the hour glass, and a gold-winged green skirted fairy Whisper balances the hour glass on her wings. If the slave goes toward freedom, the slave's mind triggers programs of all kinds, and the mind ends up not knowing if it was coming or going with all the different programs which activate. A more exhaustive look at all the craziness and activity of the Omega & Gamma programs which activate to defend the Illuminati's Mind Control are given in other chapters. The programming has been designed that if it was taken out improperly, it is to come back Seven times Seven stronger. This is also a clue that the programming is partly a demonic manifestation, cf. MT 12:43-45 et al.

COMPONENTS OF THE CONTROLS
At the center of the System are the mechanisms that control it, such as the Master Computer, the All-Seeing Eye, the Compass, the Master Clock, and the Quadrants that tie in together. The System may have 3 hourglasses spinning on axes. These hour glasses can also be called matrixes, which are on your standard 3 axes, a X axis, a Y axis & a Z axis. The worlds are various sections of these matrixes.

There are backup worlds & mirror image worlds. Occasionally, there will be a double system. Some of the more important alter System are even far more complex than a double System or a double Double System. Each alter is split so that every alter has another alter created from it. Then there are **demonic doubles**--demonic mirror images in the System. The double images shown in the picture are very real when describing our System. Some therapists have noticed "Satanic Guardian Angels" which talk to their patients. They do not know what to make of these. Some classify them as hallucinations, because they do not have any room in their belief system for demonology. These are the demons that do control the multiple's mind. **Thor**, with his hugh hammer is a painful demon. Thor's image is made of cast iron & carried an

iron mallet. Thor is a black strong figure. When his hammer strikes, the slave gets split brain headaches. Programmers can use the story of the Giant with the Hammer in the Ozma of Oz book (pp. 141-155) to give the imagery when programming. A special series of sweeping motions with both hands will relieve the split brain programming, but some alters can only tolerate these hand signals being done by the master. By the way, Thor is an important protector in Satanic/occult beliefs, & the religion of Thor now has equal stature/popularity in Germany as the Lutheran church.

The programs are put into a System and given codes. These programs use Greek, Hebrew and Druidic letters (or other esoteric languages) in their activation codes. Actually, these alphabets also are the way these people numbered with, and the Greek, Hebrew & Druid letters were used as numbers. These programs could be called Utility Programs, because they function much like the utility programs of a computer. Along with all the programming comes *cover programming*. Generally, front stories cover almost everything in a System. Dominos have been used in Monarch programming as the basis for what is called a "Mother Board" in actual computers. Telephone tones key in on a slave's computer matrix. At times, telephone tones in everyday life will make slaves accidently wacky. All computers run off of base 2--which uses the numbers 0, and 1. 0 and 1 can be represented as on and off. In the programming, they were represented by "He Loves Me", "He Loves Me Not." The Programmers, especially Dr. Mengele, enjoyed taking a daisy and pulling its petals off one at a time. First petal, "I love you". Second Petal, "I love you not." IF the last daisy petal was "I love you not--then the child was dramatically killed in front of other children to be programmed. The Illuminati's method of death--skinning alive-- has been developed into a fine art, for both programming and ceremonies. A drawing of this skinning procedure by a witness is on pg. 338. The daisy game, which was scary for a child, heightened the victim's attention. Matrixes were built upon this deadly game.

How did it feel to be programmed with Mengele's "I love you, I love you not" programming? A victim recalls, "The child was placed in a cage exposed and naked. The low voltage wires were rigged to the metal of the cage. The child experienced a continual erratic or sporadic prolonged voltage of shock until the heart would pulsate and the anxiety level of the child became out of control. "Then the Dr. would enter the scene with his sneering taunting smile while holding a daisy in his hands. The sporadic voltage would continue to flow through the child's body. As the shock continued, the Dr. stood before the child pulling petals off the daisy. His only communication was voiced in these words, "LOVE YOU, LOVE YOU NOT, LOVE YOU, LOVE YOU NOT," while pulling off the daisy petals. This action would drive the child crazy because the child knows full well if that last petal is pulled off it meant death. The child that is not loved is skinned alive before the other children. "...we can now begin to understand that the expendable children were in other cages placed all around us for the eye to see. They went through the same process as we watched.

When the last petal of the daisy was pulled from the flower they were killed. Then the terror of what we had just experienced through the seeing and hearing, let us know we were next, but when? By the time the doctor got to "He loves me not" some children no longer knew fear. Their ashes were taken from the crematorium and used in the garden for fertilizer, as a reminder to all what happens to unloved children. "In the clinical room, the lights were used to program the day's events. The bright light continually flashed starting with 7 lights, then six dots, then five dots, then four dots, then three, then two dots, then 1 dot. In the blindness of the lights, we could hear the doctor's voice, "LOVE YOU, LOVE YOU NOT." over and over again. A child could have a false trust when the lights flashed 7 dots. By the time one dot was flashing, the child's terror had once again risen. The doctor never pulled the last petal off for us, but we can't forget how he teased us. He smiled and walked away,

'NO, I LOVE YOU.' and walked away." If we use L=I love you and N=I love you not, we can build the following matrix for the internal computer:

L

2 3 4 5 6 1
3 4 5 6 1 2
4 5 6 1 2 3
5 6 1 2 3 4
6 1 2 3 4 5

This type of configuration can even be tied to color programming, and to dominoes, where the numbers are represented as the dots on a domino. By making numbers into dots--the numbers can be represented by lights in the same patterns of black domino dots. This means that dominos can be used to program a child, and who would suspect anything about dominoes?

Another thing that lends itself well to use as a programming code are a deck of cards. Many slaves have this. It can be tied in with the Alice In Wonderland story. When cards are used, a section (also called a world or city) of alters will be given its own computer. To access that computer, a code consisting of several things including 2 cards can be used. In review of what Chapter 4 said about codes, often double codes are employed--what is meant by that is that suppose we have 13 important alters in a section. They will designate each of these "A" alters. Then they number them each 1 through 13. But then they will double code them so that as we count up, we also count down.

Then they attach a generic level number to them, say 2,000. So putting this together we have Emerald Green 2001-13a for our first alter, then next is Emerald Green 2002-12a, the next is Emerald Green 2003-11a, and so on. Then the magical name of the alter or the Tribal name of the alter can be attached onto this to complete an access code. While it seems perhaps complex at first, all an alter is remembering is a color, a common section no. and their rank no. and their file letter, and their magical name. (The name to pull them up--will not be their name for public use.) Alice In Wonderland, the Wizard of Oz and the Tall Book of Make Believe played a fundamental role as "software" in a System. The Wizard of Oz stories are often used to show how & what structures to put in the small victim's internal world. The stories even teach HOW to create an internal world and its parts. Some of the T.V. shows & movies, which served as Monarch programming scripts (i.e. the software) include:

Batman

Bewitched

Bobby's World Cartoons (deliberate triggers)

Dameon/Omen movies

Disney movies (all of them, some with deliberate triggers)

Duck Tails Cartoon (deliberate triggers)

ET (used in alien programming)

Fantasy Island (deliberate triggers)

Ghost Busters (used for "who ya' gonna call" theme)

Love Boat (used for mind control of cruise prostitutes)

My Fair Lady (finishing school for slaves, such as Youngstown, OH)

Star Wars

Steven King Horror Movies

Tiny Toons Cartoons of Steven Speilberg (deliberate triggers)

Wizard of Oz movies

Some of the books which were used as programming scripts, which haven't been mentioned yet, are the **Dead Sea Scrolls**, the **Egyptian Book of the Dead** (satanic rituals follow closely the rituals of the Egyptian Book of the Dead), **Steven King novels**, & **Wilbur Smith's**. The **Mother Goose** nursery rhymes were used prolifically for internal codes in slaves. Now that we have discussed the widely used "soft ware" available to the programmers, we don't want to forget the root program, the tree which was used as a method of organizing the various programs, just like a computer's subdirectories branch out more subdirectories. If the programming is tampered with, the slave will want to cut the tree--however, since the tree is in them, this means they will want very badly to cut their arms, especially their veins. The programming is not guarded as much as the computers. Everything guards the BEAST computer including deaf alters who have to be communicated with using a hand number code system. Such a code might resemble finger signing 1,2,3,4,5,10 = 15 & following this with a shutdown code which simply reverses the access equation. Surrounding the central All-seeing-eye will be alters & programs with insanity, fear, hopelessness, cutting, burning, aloneness, etc. Strong demonic forces are attached to these alters & programs.

They also can trigger the slave to have abusive behavior as punishment. A System is given a life force which is able to regenerate a system, the jokers who protected the programming, and you have the alpha-numeric codes, the cards, and dominoes (represented by a dice) that formed the access codes to parts of the System. The alters will often feel the heartbeat (which may be an alter) associated with the computer In the background is a Luciferian blue light. This Satanic light empowers the Joker. It along with the Joker and the internal programmers give a System the ability to regenerate itself. One can shut down internal computers which run programming to the levels of the System using the same codes that the original programmers use, but until one also takes care of the 13 Jokers & the faceless

white-coated programmers who control the Omega Programming, then the back up computers can regenerate the programming & rebuild the system.

JOKERS
If the computers are given cards as access codes--it works in well to create Jokers who are wild cards within the system, which can imitate anything. The Jokers have a Luciferian form. Luciferian is the term that the programmers used. This means that it is spirit. Because the Jokers are Spirit, they can take any form they need to and they can do what they want to do, until they are bound & cast out with the rest of their hierarchy of demons. The Jokers will pop up when a victim tries to study the codes & programming that direct that victim's life. Around this cult core are the jewels (which are the programs the dwarfs mine). Remember the story of Snow White and the Seven dwarfs? Also swirling around Silence are ribbons which we will discuss later.

TREES
The trees bud at certain times. This is one way the imagery of the tree to connect to the time that rituals are to happen. If the tree is barren of leaves (no programs--i.e. deprogrammed), then the system is to grow more leaves.

C - INTERNAL HIERARCHIES

The programmers build chains of command within the groups of alters that they create. They credit themselves with bringing order out of chaos. When a system of multiple personalities thinks of rebelling, they are in the similar situation as a colony wanting freedom from its mother country. Can we govern ourselves, and what governing structures can we keep--since the structure itself is colonial? Can the mind work together to help itself? The concerns are legitimate questions. And yes, the multiple's mind can function outside of the control of the programmer's hierarchial arrangement, but not without alters taking on different job assignments. In the slave's hierarchal chain of command, adult alters are assigned to insure that child alters don't get out, unless the abusers want a child alter out. Likewise, commander alters are needed to keep the switching smooth, and to keep things orderly. Subordinate alters are taught to submit to their king, or governor, or queen alter. Immense power and indoctrination is given to the key cult alters ruling a system. The internal hierarchial arrangement means that the host alter coming into therapy (often a Christian) may not be as completely open as therapists think. They must play an internal game of going toward health while not pushing the buttons of deeper more powerful alters. A lot of internal politics may go on. A front alter may promise a deeper alter secrecy in order to consult with it.

This makes for all kinds of triangulation and manipulation within the alter system itself. The entire hierarchy of alters has a lot invested in protecting the core from trauma, which was why the core was split in the beginning. Traditional therapy goes after the core & the multiplicity that protects it, thus insuring resistence from the entire hierarchy incl. front alters, who in MPD systems seeking help are often close to the core. The core self is best not directly pursued by the therapist, but gently encouraged on its own to reconnect.
