**Extrinsic Evidence:** Extrinsic Fraud is commonly associated with Legal Malpractice in that it happens in a means wherein your attorney merely engages in Willful Suppression of critical Material Evidence.

**Conspiracy:** Many cases where your own attorney is actually decided to take on your case with the Intention of actually Working In Concert with the opposing party. Although that may seem like a heinous act and is all to common and even widely accepted by the powers that govern their authority such as the court staff, the State Bar and the sitting Judicial Officer.

Dealing with claims of "Immunity"

Any claim of "Immunity" is a fraud because, if valid, it would prevent removal from office for crimes against the people, which removal is authorized or mandated under U.S. Constitution Article 2, Section IV; as well as 18 USC 241, 42 USC 1983, 1985, 1986, and other state Constitutions.

Precedents of Law established by Court cases, which are in violation of law, render violations of law legally unassailable. Such a situation violates several specifically stated intents and purposes of the Constitution set forth in the Preamble; to establish justice, insure domestic tranquility, and secure the blessings of liberty.

I wish to live a free inhabitant upon the land. To be left alone.

"I Pray to God, to direct this administrator of this case contract to be dismissed with prejudice and the proceedings to be eliminated from the record and for the Prosecutor to pay me three times damages for my harm suffered and inconvenience in bringing false charges."
