

2021-03-01-Searles-Sav-On-Propane-03.txt

It is interesting to note that, Searle's Sav On Propane, feels it is right for them to charge 1.5 percent per month on anything they are owed, but don't have to pay anything for any credit that is on an account. Many times I would pay the driver for my propane delivery and then I would get a H.E.A.T. payment that would sit on their books for about a year before I would get my next propane delivery.

As the "Accounts Payable" person at Clagett Memorial Hospital in Rifle, Colorado, I was instructed to only pay on corrected Invoices and to NEVER pay from a Statement! I have received some Invoices which are not correct, and some Invoices I have NEVER received! FRAUD continues unabated at Searle's Sav On Propane!

Sincerely,

Frank Anderson
