

# 140 FC-i WELDER

| ITEM# 261          | Processes         | Input Power | Rated Output | Amperage Range | Wire Diameter | Plate Thickness Range | Weight  | Dimensions            |
|--------------------|-------------------|-------------|--------------|----------------|---------------|-----------------------|---------|-----------------------|
| <b>QUICK SPECS</b> | Flux Cored (FCAW) | 120V        | 140A         | 140A           | Up to .030"   | Up to 1/4"            | 19 lbs. | 16.75" x 8.125" x 12" |

## FEATURES AND BENEFITS:

- Easy to use
- Portable
- No gas required
- Plate thickness range up to 1/4"
- Infinite voltage and wire feed speed control
- 120V input (20A/15A)
- 140A output

**Forney**  
**EASY WELD™**

### SPECIFICATIONS:

- 140A output; 120V input
- Recommended wire diameter: .030"
- Plate thickness range: Up to 1/4"
- Weight: 19 lbs.
- Dimensions: 16.75" X 8.125" X 12"

### FEATURES:

- Easy to use
- Portable
- No gas required
- Torch wrap
- Infinite voltage and wire feed speed control

### INCLUDES:

- 8' MIG gun
- 8' ground clamp
- 20A - 15A adapter

### APPLICATION:

- Do-it-yourself
- Maintenance & repair
- Metal fabrication
- Hobbyist

### WARRANTY:

- 6 month warranty

# Forney EASY WELD

## USE WITH FORNEY CONSUMABLES:

|    | ITEM# | DESCRIPTION                    |
