Dear Frank Anderson

Thank you for the support of our products. 112-6908827-1250666

If you have a problem with the stick welder (• B0CP3TYKBW)  
) having difficulty starting the arc.

Don't rush to return it yet.

Please adjust the ARC force and Hot tart to the maximum then try again.

Because most customers ignore these two functions, but these can help you to arc easier and smoothly.
